## The wicker baskets

The making of the wicker baskets has an ancient tradition in our region: still today a craftsman realized them.

## The picnic area along the Lake Lod

Location: Lake Lod

Owner: municipality

The area is situated at 2.020 metres above sea level. The total area is about 0.5 hectares, its seating capacity is of 204 people. There are 34 tables, 15 number of grills, 3 fountains and 2 toilets.

## Town reach

Chamois is situated at 1815 metres above sea level in the centre of the Matterhorn Valley and it is the highest Italian and European Municipality. In fact, the way to reach it is the cable-car starting from Buisson, a hamlet of Antey-Saint-André.

The principal peculiarity that makes Chamois unique consists in the completely lack of cars in the village and the only way to reach it is on foot or by a cable-car starting from Buisson.
