Pilot Region ökoEnergietland

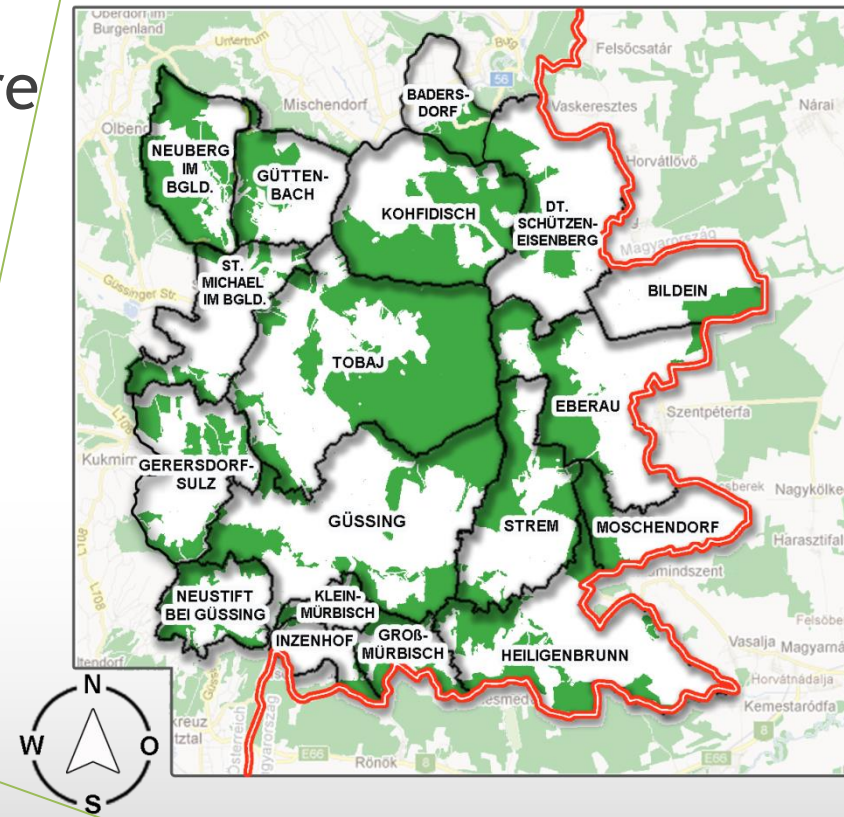

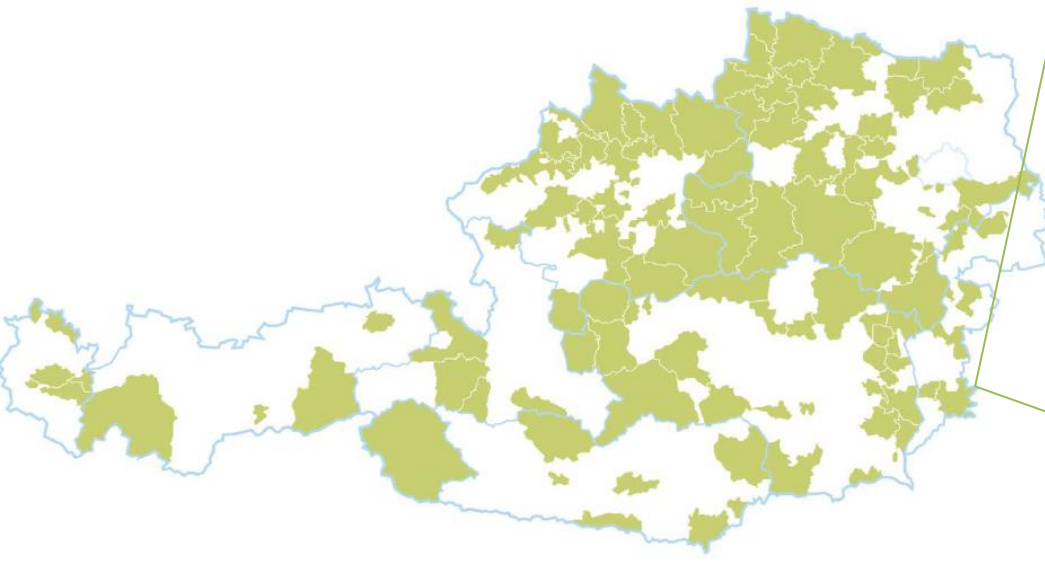

Implementation of a local biogas grid - optimize use of biogas for mobile and stationary purposes

Ing. Reinhard Koch

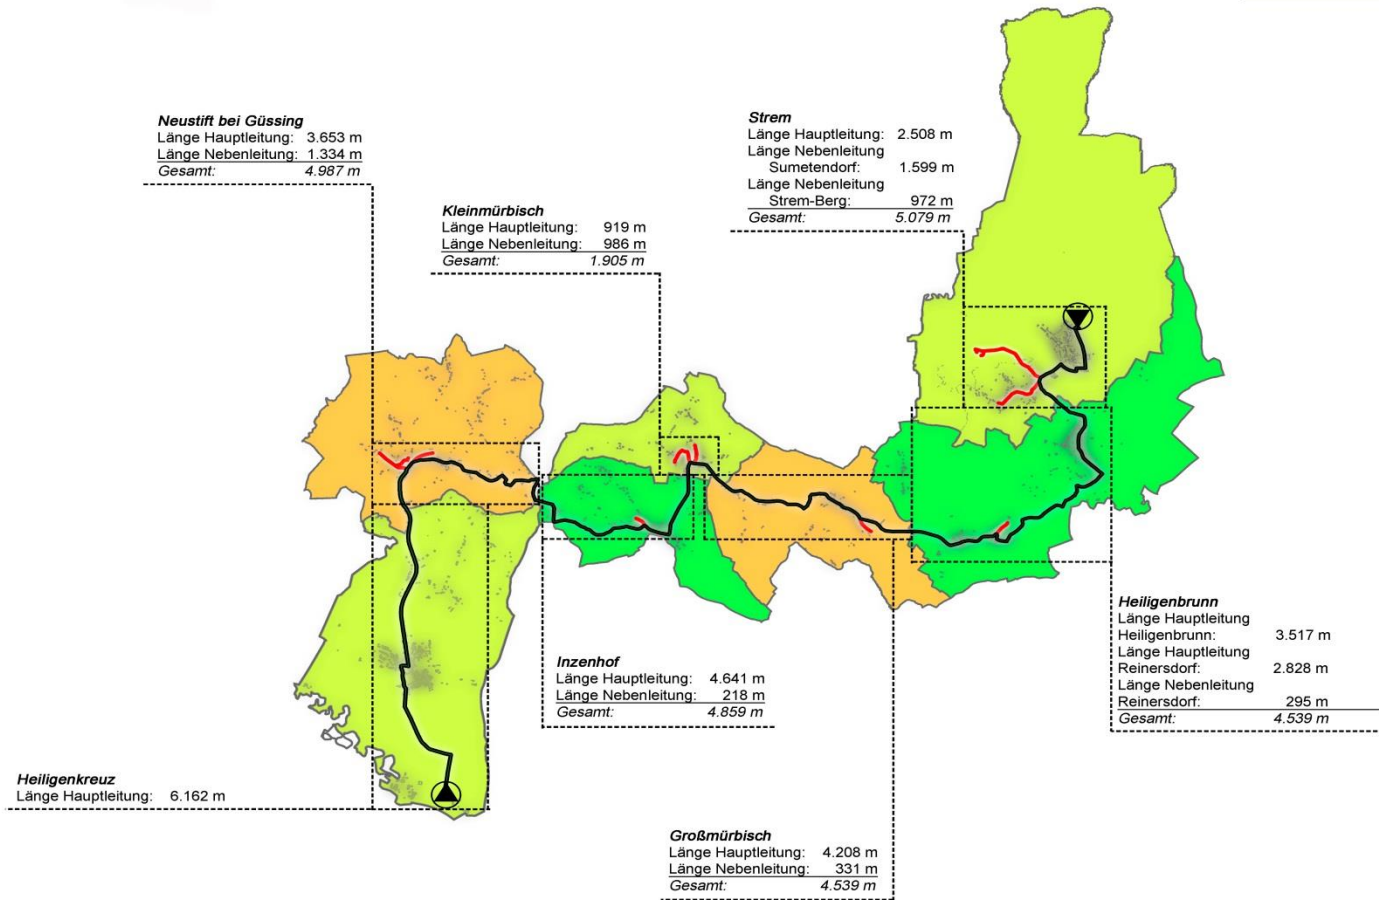

Before AlpStore: Our Challenges

- Region with low economy and low developed infrastructure
- Substitution of heating oil
- No gas grid in the region

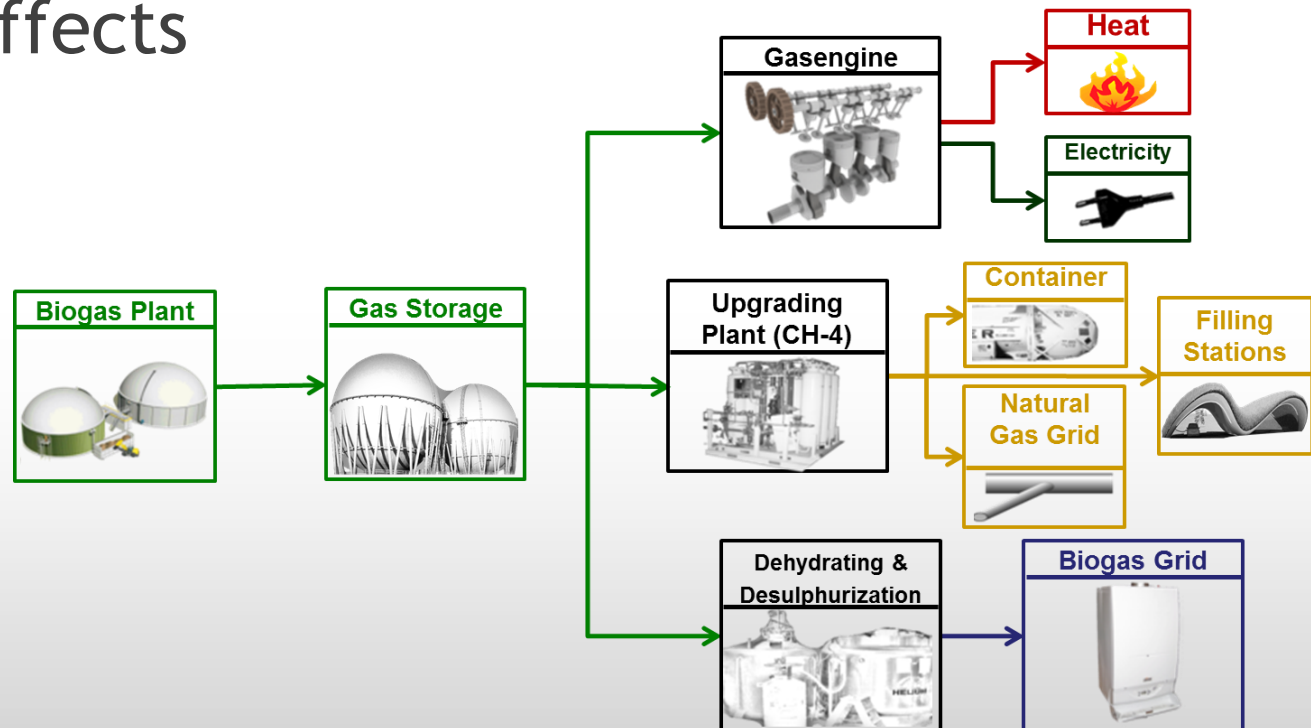

During AlpStore: Our Activities

— Hauptleitung	25.608 m
— Nebenleitung	8.563 m
	<hr/> 34.171 m

After AlpStore: Our Recommendations

1. environmentally friendly supply system
2. Social benefits
3. Economic effects

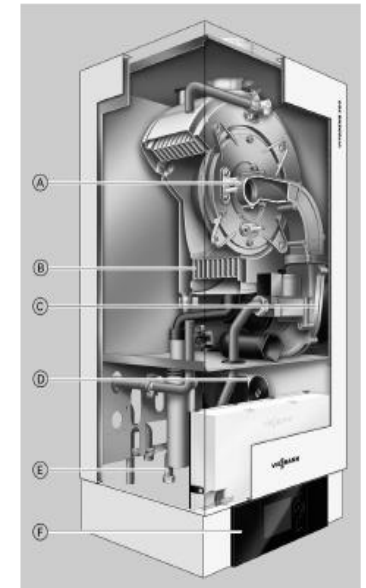

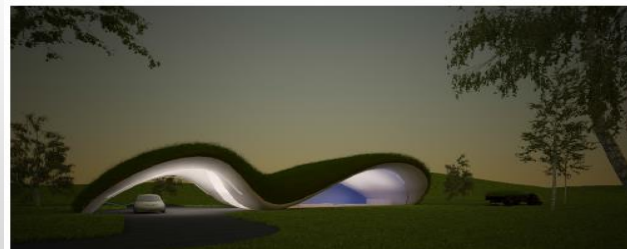

Space for other logos

ALP STORE

After AlpStore: Our Achievements

- ✓ Analysing of frame conditions
- ✓ Technical investigation
- ✓ Calculation of profitability
- ✓ Development of biogas heaters
- ✓ Biogas stations
